Expected positive revaluations of portfolio companies

TMT Investments PLC, which invests in high-growth internet-based companies across a variety of sectors, is pleased to announce that two of its portfolio companies ("Portfolio Companies") are currently in the process of completing new equity financing rounds ("Transactions").

If completed, the Transactions will collectively represent an approximately US\$8.7 million uplift in the fair value of TMT's investments in the Portfolio Companies, compared to the latest announced amounts as of 30 June 2015, which will be equivalent to approximately 32 cents in additional net asset value per TMT share.

The Transactions are expected to be completed in the next four weeks. As part of the Transactions, TMT is expected to invest an additional US\$1 million in one of the Portfolio Companies.

There is no guarantee the Transactions will be completed, and TMT will make relevant announcements in due course.
