About TMT Investments PLC

TMT invests in high-growth, internet-based B2B and B2C companies across a variety of sectors, with a significant number of Silicon Valley investments in its portfolio. The company was admitted to trading on the AIM Market of the London Stock Exchange on 10 December 2010 and has raised \$33m to date.

The company's objective is to generate an attractive rate of return for shareholders, predominantly through capital appreciation.

Since its IPO, TMT has conducted an intensive programme of over 40 investments to date and is currently evaluating a pipeline of further investments. TMT has successfully exited from 9 investments to date (including 2 partial exits).

Investment process

TMT currently focuses on identifying attractive investment opportunities in the following segments of the TMT sector:

- SaaS
- Big Data
- E-commerce
- Mobile

Among other features, TMT seeks to identify companies that have:

- Competent and motivated management
- High growth potential
- Viable exit opportunities
